

**Wagon Hill Farm Community Garden Board of Trustees
Application for Appointment**

The Wagon Hill Farm Community Garden (WHFCG) covers approximately one acre of land at Durham's Wagon Hill Farm on Rte 4. It was organized in 2008, as the first garden under the umbrella of Community Gardens for All (CGA). Community Gardens for All is a 501c3 organization. The first gardeners (six families) began working the soil and planting in the spring of 2009. In April 2020 the Wagon Hill Farm Community Garden separated from Community Gardens for All and became an independent non-profit organization in the State of New Hampshire. It is managed by a Board of Trustees.

The mission of the Wagon Hill Farm Community Garden is to help people in the Seacoast region provide themselves with fresh organic produce; to educate gardeners, new and experienced, in better gardening practice; to build a healthy soil ecosystem on the site; and to foster sustainable practices on the site and in the greater Durham community; to contribute to the mission and purpose of the Wagon Hill Farm; to help build people-connections and a sense of community among the participants; to provide fresh organic produce to area food banks, as available.

The WHFCG Board of Trustees consists of nine members, each serving a three-year term on a staggered basis.

All applicants are asked to meet with a current board member. Once your application is received you will be contacted to arrange a meeting time.
