Garden Plot Request 2022

Hello Interested Gardener,

We are glad you are interested in joining our organic community garden. Please complete this form to request a garden plot.

By applying for a plot you recognize this garden is maintained solely by its members. Therefore, in addition to tending to your assigned plot, you will also be expected to contribute to the overall maintenance of the garden by participating in work days or by completing garden maintenance tasks. If, after you apply, you find you are no longer interested, please contact our Membership Coordinator.

Completion of this form does not guarantee you will receive a plot in any particular season. Available plots are assigned on a first come first served basis. The garden generally has a waiting list. When a plot becomes available for your use, the Membership Coordinator will notify you.

1. Gardener's Name (please print) _____

2. Gardener phone: _____ Text this number? Yes No (circle)
